Thanks for visiting U-BioMed Inc.

U-BioMed Inc. is a Bio-Medical devices and Functional Cosmetics manufacturer who has created advanced, innovative, micro needle technology from practical products.

We plan to lead clinical and aesthetical advancement in beauty and medical operations, through continuously developing diversified operating techniques.

We are proud to deliver what Korean manufacturers are the best known for premium quality and service.

Our main product line consists of: Tappy Tok-Tok, a painless non-surgical MTS delivery device that has been tested and approved with FDA, ISO 13485 certifications. We also have REGENAF which is a functional cosmetics line, STLONG line which is a product for hair care, Nyaam Nyaam as home care line and KIOM-MA 128 that contains 19 kinds of natural oriental herbal ingredients.

Tappy Tok-Tok | **AQUAGOLD** *fine touch*

U-BioMed's Aquagold fine touch devices are designed and manufactured by U-BioMed Inc., a company different from the one that makes "Aquagold" devices sold in the United States and Korea.

During 2014-2015, U-BioMed made the Aquagold fine touch devices for sale in the United States and Korea, but U-BioMed no longer does so.

The "Aquagold" devices sold by the other company in the United States and Korea since 2016 may provide results different from U-BioMed's Aquagold fine touch devices.

(주)유바이오메드의 AQUAGOLD fine touch는 (주)유바이오메드에 의해 설계 및 제조되었고, (주)유바이오메드는 미국과 한국에서 판매되는 "AQUAGOLD"를 제조하는 회사와는 다른 회사입니다.

미국과 한국에서 2014-2015년에 판매된 AQUAGOLD fine touch는 (주)유바이오메드가 제조하였으나, 그 이후로는 아닙니다.

(주)유바이오메드의 AQUAGOLD fine touch와 2016년 부터 미국과 한국의 다른 회사가 판매하는 "AQUAGOLD"는 효과가 다를 수 있습니다.

CAUTION

Micro needles may be broken by tapping on hard board and be careful not to drop Tappy

TIP1 Platinum serum can be loaded in the same bottle without washing EGF serum out, because it can be easily harmonized with EGF serum.
TIP2 To stimulate skin and regenerate skin, more than 30 times of tapping on your skin is the necessary procedure after containing cosmetics or drug in the bottle. After this stimulating procedure, the cosmetics run out through Tappy needles. Also this stimulation should be done on the target spot skin only, not tapping on the other hard area.

How to use **NYAAM NYAAM**

- ① Cleanse before using the Nyaam Nyaam.
- ② Take the lid off of the Nyaam Nyaam.
- ③ Press the pump of the Nyaam Nyaam 1–3 times so the serum coming out of the head.
- ④ Gently pat onto the entire face or onto specific areas that are in need of treatment. When using, be sure the Nyaam Nyaam is perpendicular to the area of the face it is being used on (with a ball-type head, roll the ball onto the area needing treatment). Repeat steps ③ – ④ to stimulate the skin and deliver the active ingredients.
- ⑤ Use the REGENAF and KIOM-MA face masks to calm the skin after it has been stimulated. (About 30 min)
- ⑥ Get plenty of rest.
